

# EPOCH 24V 230AH ESSENTIAL SERIES

---

## Machine Information

|           |           |
|-----------|-----------|
| Condition | New       |
| Brand     | Epoch     |
| Category  | Batteries |

The Epoch 24V 230Ah Essential Series LiFePO4 battery provides 5.89kWh of storage for marine house banks, RVs, solar systems, and off-grid 24V installations. Its 84 lb Group 8D case combines 200A continuous output with a 200A maximum charge rate, offering a single-battery solution for substantial deep-cycle loads. Internal self-heating supports charging down to -4°F under the specified conditions, while Bluetooth monitoring provides app-based battery visibility. The battery has an IP54-rated enclosure and does not include the Victron communication feature found on the Elite models. Rated for 4,000+ cycles with an 11-year warranty, it is intended for energy storage and house power rather than engine cranking.
