

Celebrating 15 Years in Business!

15 years ago in a small modest house brought over on Bois d'Arc logs in the 1800s in swink, ok with a credit card maxed out buying 5 mowers in november a crazy idea happened and K and G mowers was born.

After 4 years we hired 1 employee, built the shop on north main in Paris, Tx and finished 2012 being the largest volume dealer in the world for Bad Boy Mowers.

Fast forward to the end of 2022 and we have 10 employees including 5 full time mechanics 2 of which are top master engine techs, and 1 won the small engine nationals competition 3 years in a row.

We have over 14 thousand customers, we carry 5 lines of ZTR mowers, a tractor line, full line stihl dealer, 3 lines of off-road vehicles, we have a parts room incomparable to any OEM dealer in our category. We have helped prototype and design mowers, have helped train other dealers, and have built a huge

name in the industry with only one location.

We have learned a lot in 15 years and learned that God has done all of this. We averaged an unheard of 1 week turn around in the shop this year (unless parts were backordered).

This is a business, but more importantly it's an open heaven and a gateway to know the only One that matters. We have seen many healed by Him, seen many lives changed, and we have seen Him do more in the last couple of years in people's lives than most churches. This is a place to meet Jesus in one of the most unexpected places....

Numbers 6:24-26 You are sowing into good ground here...

We ask you to come in, check out our new mechanic shop, and our new parts room, and give us a chance or another chance to earn your business.
